

# Prep Your Vet Over the Holidays!

Christmas break is fast approaching for your college veteran's! This can also be a pivotal time for veteran's entering into their first semester this Spring. While school bookstores are closing for the holiday's, Performance by Design will continue to be here to support your veteran's IT equipment needs!

As COVID-19 has limited some resources for veterans to access their bookstore for IT equipment, Performance by Design will be here for your IT needs. We guarantee 10 business days to have your veteran's items shipped to their home fully configured. We provide warranty coverage for your veteran while in their program. Our dedicated technical support can assist with any issues occurring with their devices via phone or remote support. We have your veteran covered!

Christmas break can be a great time for your veteran to ensure their equipment will be able to support their current remote learning. At Performance by Design, we are "vets serving vets" wanting to make sure your veteran is prepared for success. If you are interested in our products/services for your veteran, please call (866) 757-1221.

Lastly, we have now partnered with MLCC Computer Training and accept POs and Purchase Cards. See our website [www.performbydesign.com](http://www.performbydesign.com) for details.
